

# EV Expert At Your Service

*Driving the San Diego Region Into the Future*

Electric vehicles (EVs) continue to grow in popularity in the San Diego region and are expected to rise with California's goal of 1.5 million zero-emission vehicles on the road by 2025. With an increase EVs comes a greater demand for electric vehicle charging stations (EVCS).

Plug-in San Diego (Plug-in SD) was established through a partnership between the San Diego Association of Governments (SANDAG) and the Center for Sustainable Energy (CSE) to help support this growth. Plug-in SD provides no-cost support to local stakeholders interested in general and technical information on EVs and EVCS through the EV Expert. The EV Expert is here to help ensure the San Diego region is EV ready.

## Services for Target Audiences

Local Governments	Employers	Multifamily Property
<ul style="list-style-type: none"><li>• Permitting and Inspection Best Practices</li><li>• Assistance with Regional EV Readiness Planning</li></ul>	<ul style="list-style-type: none"><li>• Workplace Charging Workshops: "PEV 101"</li><li>• Incentives and Policies</li><li>• Public-access Charging Solutions</li></ul>	<ul style="list-style-type: none"><li>• EVCS Siting Assistance</li><li>• Connection Costs and Fee Information</li><li>• Cost-recovery Information and Usage Policies</li></ul>
