

# EV Expert at Your Service

*Driving the San Diego Region Into the Future*

## Workplace EV Charging

The EV Expert can support employers interested in installing workplace electric vehicle charging stations. The EV Expert can help you evaluate options to find the best solution for your budget and unique site requirements.

### Who Are We?

Plug-in San Diego (Plug-in SD) was established through a partnership between the San Diego Association of Governments (SANDAG) and the Center for Sustainable Energy (CSE). Plug-in SD provides no-cost support to local stakeholders interested in general and technical information on electric vehicles (EVs) and EV charging infrastructure through the EV Expert. The EV Expert is here to help ensure the San Diego region is EV ready.

EV Expert technical expertise is informed by research and experience so the support provided is brand-neutral. From determining infrastructure requirements to policies governing charger usage, we provide a comprehensive approach to EV charger planning and installation.

The EV Expert understands the constraints employers face and can help scope and scale your EV charging project. Our expertise allows you to focus on your core interests, while we work with your staff to deliver well-planned EV charging.

EV charging can increase property value, provide a valuable benefit to employees and demonstrate a dedication to sustainable practices.

## EV Expert Technical Assistance Areas

Evaluation/Assessment	Policy	Implementation
<ul style="list-style-type: none"> <li>• Project cost estimation</li> <li>• Employee demand</li> <li>• Initial electrical review</li> </ul>	<ul style="list-style-type: none"> <li>• Employee use</li> <li>• Pricing</li> <li>• Partner selection</li> </ul>	<ul style="list-style-type: none"> <li>• Incentives</li> <li>• Permitting and installation standards</li> <li>• Employee engagement</li> </ul>

### No-Cost Technical Assistance

Plug-in SD was launched with funding from the California Energy Commission to give workplaces in the San Diego region, the tools and technical assistance necessary to confidently provide EV charging to their employees.

Contact the EV Expert for a no-cost EV and EV charging station consultation via [evexpert@energycenter.org](mailto:evexpert@energycenter.org) or by calling (866) 967-5816.
