

SCE Pre-Owned EV Rebate – Terms and Conditions

The following Terms and Conditions apply to all SCE Pre-Owned EV Rebate Applications submitted prior to December 2nd, 2021.

Terms and Conditions for Applications submitted on and after December 2nd, 2021 can be found here: https://energycenter.org/sites/default/files/salesforce/sce/SCE_POEV_Terms_and_Conditions.pdf

1. To be eligible for the SCE Pre-Owned EV Rebate (Rebate), the applicant (“Applicant” or “you”) must:
 - a. Be a customer of Southern California Edison (SCE) with an active residential electric service account.
 - i. Applications with a vehicle registered at an address that has a commercial account for their SCE service are not eligible.
 - ii. Community Choice Aggregation (CCA) and Direct Access (DA) customers are eligible for the rebate.
 - iii. The name on the SCE service account does not need to match the Applicant’s name.
 - b. Own or lease a qualified pre-owned (used) Battery Electric Vehicle (BEV) or Plug-in Hybrid Electric Vehicle (PHEV) (both BEV and PHEV referred to herein as EV) listed on the California Air Resources Board’s [HOV Eligibility List](#). Fuel cell vehicles, electric bikes, electric motorcycles, electric scooters and neighborhood vehicles are not eligible for the Rebate, even if they are included on the [HOV Eligibility List](#). A vehicle may be considered pre-owned if it meets either of the following criteria:
 - i. The vehicle had greater than 7,500 miles on the odometer at the time of purchase
 - ii. The purchase or lease contract indicates that the vehicle is “Used”
 - iii. If neither of the above criteria are met, SCE may consider providing a Rebate, at its sole discretion, if the Applicant can provide other evidence demonstrating that the vehicle has been previously owned.
 - c. Register the vehicle at the same service address corresponding to your household’s residential SCE account. The address on the application must match the address listed on the vehicle registration card and the address associated with the residential service account number provided. Note: If the vehicle registration card lists a past address, change-of-address documentation is not accepted in place of an updated registration card.

- d. Have paid the current vehicle registration fees in the State of California. Note: Paid registration for a Planned Non-Operational (PNO) vehicle is not acceptable to meet the “proof of current vehicle registration” requirement.
 - e. Successfully submit an SCE Pre-Owned EV Rebate application after purchase or lease of the EV, but within 180 days following vehicle purchase or lease date (note: you may not submit a Rebate application prior to purchase or lease and possession of a qualified EV). The date of purchase or lease shall be considered the date listed on the purchase or lease contract or the Transfer Date on the new owner’s Certificate of Title for private-party sales.
 - i. The Applicant must upload all required documentation within 60 days after submitting the application.
2. The Applicant agrees to lease or own the vehicle with a current California registration for a minimum of 20 consecutive months after the vehicle purchase or lease date. Lease terms of at least 20 months are required for program eligibility. If the lease agreement submitted does not have a minimum lease term, the vehicle is not eligible for the SCE Pre-Owned EV Rebate unless the Applicant can provide other proof, acceptable to SCE, that it will own or lease the vehicle for at least 20 months. If you do not retain ownership or lease of the qualifying EV for 20 months, you agree to return to SCE a pro rata share of the Rebate amount.
3. If you have multiple eligible EVs in your household (i.e., all occupants using the same SCE residential service account), your household may receive up to three (3) Rebates per calendar year, one for each qualifying pre-owned EV. Note: On a case-by-case basis, and in SCE’s sole discretion, SCE may waive this limitation upon request (i.e., where a multi-unit dwelling shares a service account).
4. Up to three owners and/or lessees, as applicable, of a single qualified EV, identified by its unique Vehicle Identification Number (VIN), may receive an SCE new or pre-owned EV Rebate over the lifetime of the EV. An “SCE new or used EV Rebate” is defined as a Rebate provided only pursuant to SCE’s Clean Fuel Reward Program (no longer active) or this SCE’s Pre-Owned EV Rebate Program, but does not include rebates provided pursuant to the California Clean Fuel Reward Program or other EV rebate programs.
5. Owner(s) or lessee(s) at the same residential address may only receive one SCE new or pre-owned (used) Rebate for the same qualified vehicle registered at that same address, as evidenced by the vehicle registration card. Applicant agrees not to apply, or to cause anyone else in his or her household to apply, for more than one SCE new or used EV rebate for the same EV, even if there is a transfer of ownership within the same household.
6. A Rebate may only be issued to a registered owner or lessee once per EV, as identified by the VIN. If the qualifying EV is co-owned or co-leased, only one co-owner or co-lessee is eligible for a Rebate, and no co-owner(s) or co-lessee(s) of the Applicant, at the time of

purchase or lease or thereafter, may apply for a Rebate for the same EV at any time, even if Applicant is removed from the vehicle registration or any owner(s)/lessee(s) move to a new residential address.

- a. For the avoidance of doubt, an Applicant who previously received a rebate for an EV via the SCE Clean Fuel Reward Program is not eligible to receive an additional Rebate for the same vehicle via the SCE Pre-Owned EV Rebate Program.
7. The current Rebate amount is set forth on the application. Rebate amounts are subject to change at any time. You will be eligible for the Rebate amount posted on the application at the time your application is completed and accepted. Rebate funds are limited and are available on a first-come, first-served basis. Rebate checks must be deposited within 180 days of the date listed on the Rebate check. After 180 days the check will become void, and SCE will not reissue a Rebate check.
8. Incomplete or incorrect applications will not be processed. Applications must include all required information, including acceptable proof of vehicle purchase/lease, permanent and valid vehicle registration, and proof that the EV is pre-owned.
 - a. The name and address on the application must be an exact match to at least one name shown on the vehicle registration card. However, if the customer name entered on the application is not an exact match, SCE may, in its sole discretion if it determines that the names are substantially similar, edit the applicant's name to match that on the vehicle registration card (e.g., "Matt" becomes "Matthew").
 - b. If the customer name entered on the application is not the same name as at least one registered owner of the vehicle on the registration card, the application will be rejected. A registered owner may submit a new application in their own name, if eligible.
 - c. Vehicles registered to a Trust are eligible to apply in the name of the Trust as it is written on the registration card, or in the name of the confirmed trustee.
 - d. For private-party sales, if the transfer date is missing from the Certificate of Title, additional documentation may be required to confirm your purchase date.
9. The Rebate and the terms and conditions of the SCE Pre-Owned EV Rebate Program (Program) are subject to change, and the Program can be terminated at any time by SCE and/or the California Public Utilities Commission (CPUC). Any information provided in the Rebate application may be used internally by SCE for purposes other than processing the application and may be made available to the CPUC and the California Air Resources Board.
10. You authorize SCE to send you email messages to the email address you have provided related to the Rebate and the Program, including but not limited to, information about plug-in electric vehicles, electric vehicle rate plans, information about charging or charging programs, and surveys regarding your electric vehicle experience. You: (i) acknowledge that

you are the authorized user of the email address provided in the application; (ii) grant SCE express permission to send emails related to your application to that email address until such permission is expressly revoked by you; and (iii) notwithstanding that this email address may be on the federal or a state's Do Not Contact list, acknowledge that such emails sent by SCE shall not be in violation of any Do Not Contact list(s).

11. You certify that the information provided in your application is true and correct, and you understand that if any of the information provided is discovered to be false, you agree to pay back any Rebate paid to you by SCE, and you understand that you may be subject to other penalties, as permitted by law. SCE may request additional documentation from you to confirm the accuracy of the information you provide and your eligibility for the Rebate.
12. The Rebate payment shall go directly to the Applicant listed on the application. Payment cannot be assigned or transferred. Applicant is responsible for paying all tax liability imposed as a result of receiving the Rebate. Applicant should consult a tax advisor concerning the taxability of the Rebate, and SCE is not responsible for any taxes imposed on Applicant as a result of receipt of the Rebate.
13. SCE makes no representations, expressed or implied, regarding the design, construction, reliability, efficiency, performance, operation, maintenance, or use of any vehicle, discussed, selected, rejected, purchased/ leased or otherwise considered by customer. Any decisions regarding the selection, design, purchase/lease, use and operation of any vehicle shall be at the sole discretion and are the sole responsibility of the customer. SCE does not guarantee energy or bill savings as a result of this Rebate.
14. Release and Indemnification: Applicant agrees to release and hold harmless SCE, its officers, directors, shareholders, employees and contractors from and against any and all causes of action, damages, losses, claims, expenses, demands, costs (including attorneys' fees and expenses and all court, arbitration or other dispute resolution costs), or any of them, resulting from, arising out of, or in any way directly connected with this Program, Applicant's receipt of the Rebate, failure to receive the Rebate, any taxes associated therewith, or Applicant's vehicle registration or registration status. SCE makes no representations or warranties regarding whether Applicant will or will not qualify to receive the Rebate.
